General Info Additional Info

Category: Technical/Scholarly

Type: *** Common Selections**

- Abstracts
- Books
- Book Chapters
- Commentary
- Journal Articles
- Other Publications
- Review Articles

- For all new publications, **indicate the category** (*Tech/Semi/Other*) and **include the type of article** (*common selections are identified above*)

Definitions:

- **Technical Journal Article**
 - o Articles directed to other experts in the field.
- **Semi-technical Journal Article**
 - o Articles directed to non-experts
 - *Informed "audience", who are not experts.* For example, an audience which has some technical background in a given field but not at the expert level.
 - Physician vs. medical student.
- **Refereed**
 - o Articles written by experts and are reviewed by several other experts in the field before the article is published in the journal in order to ensure the article's quality.
- **Non-refereed**
 - o Not peer reviewed articles.
 - May be self-published, such as certain books and opinion pieces. Or when the judgment of the editor is the sole determinant of acceptance for publication.

Journal Articles

Published

1. Batra, P., Chertok, J. S., Fisher, C. E., Manseau, M. W., Manuelli, V. N., & Spears, J. (2009). The Columbia-Harlem Homeless Medical Partnership: A New Model for Learning in the Service of Those in Medical Need. *Journal of Urban Health*, 86(5), 781-790. (Refereed, Electronic) <https://doi.org/10.1007/s11524-009-9386-z>

- A)** Citation must **reflect ALL authors**. List by authors by their last names and initials. Separate author names with a comma, use the ampersand instead of "and", add, journal title, volume, and complete page numbers:

- Soto, C. J., & John, O. P. (2017). The next big five inventory (BFI-2): Developing and accessing a hierarchical model with 15 facets to enhance bandwidth, fidelity, and predictive power. *Journal of Personality and Social Psychology*, 113(1), 117-143

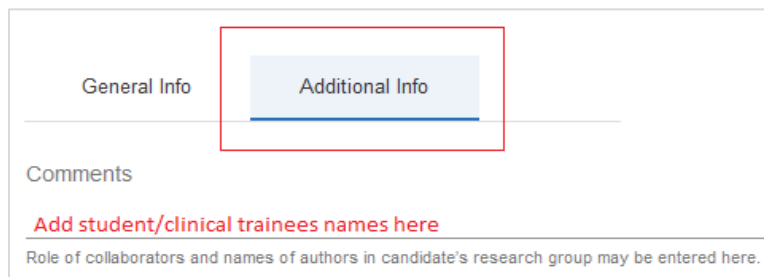

B) Indicate if article has been **REFEREED** or is **NON-REFEREED**.

C) **Include doi or website** of article publication section under the “additional info tab”

- *If DOI is entered, eFilePlus will generate the citation. The generated citation should be reviewed and edited as needed.*

D) Indicate if you are the **corresponding author** for the citation

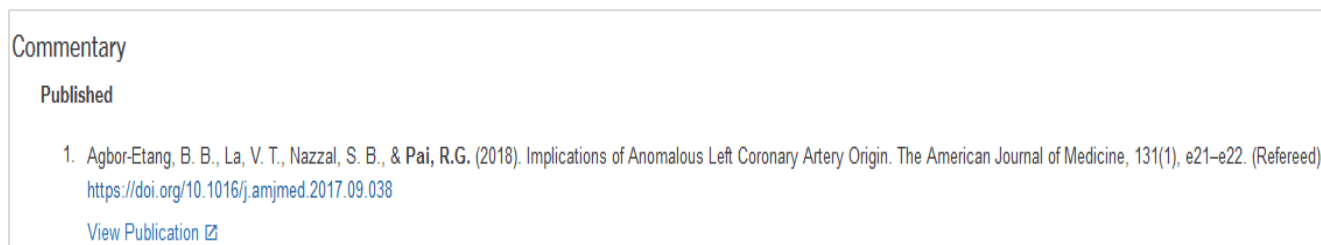

E) **Identify students** in comments section under the “additional info tab”:

- *For example: Tim Curry is a PhD student, Lucy Ma is a Resident, Madeline Kahn is an undergraduate student*

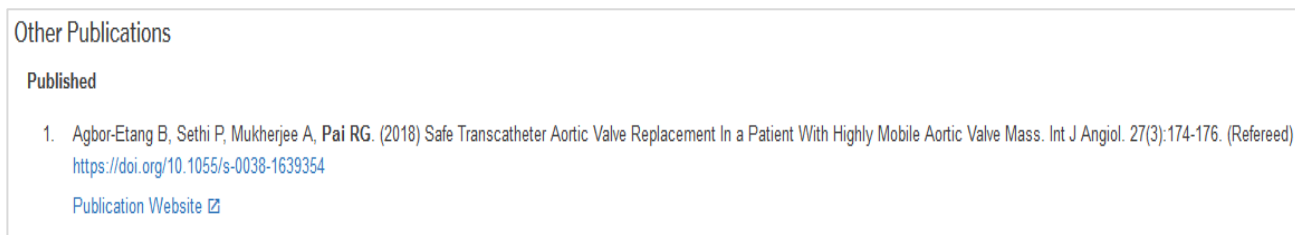

F) **If the publication is multi-authored**, you should **provide a description** of your contribution to the article under the “additional info tab”

- Example: *“In addition to being corresponding author, the bulk of the manuscript was written by me.” Or “I wrote half of the manuscript and the data came from my research.”*

G) A-F are also required for “Commentary”.

- Letters to the Editor, Editorials, Editorial Comments, and/or Clinical Communications should be listed as “Commentary” (identify the type of article in “comments” section under the “additional info tab”)

I) A-F are also required for “Other Publications”

- Case Reports should be listed as “Other Publications” (Identify as “CASE REPORT” under the “additional info” tab)

Abstracts

Published

1. Pai RG, Pohost GM, Varadarajan P et al. Prognostic implications of baseline CMR measures of LV geometry and function in ischemic cardiomyopathy: Results from STICH Trial. JACC 2014
2. Pai RG, Varadarajan P, Jabo B, Maschak A, Fraser GE, Knutsen SK. 2015. Vegetarianism is Independently Associated With Lower Risk of Left Ventricular Diastolic Dysfunction and Stage B Heart Failure Burden. (Refereed, Electronic)
[Publication Website](#) 

- J) Abstracts should reflect complete list of authors, identification of students under the “additional info tab”. Referee status, website, and faculty contribution are optional.
- If selecting the “electronic” option in the drop down, add the online link in the “additional info” tab

Footnotes:

- “**SUBMITTED**” citations should include: date of submission and PDF copy of manuscript
- “**IN PRESS**” citations should include: uploaded manuscript, along with copy of journal/editor acceptance letter/email
 - **In Press** = unconditionally accepted.
- If your article is more technical, and not an opinion piece, identify it as “Semi-Technical Publications”, using the “Other Publications” drop down.
- If the article is more of an opinion piece, identify it as a “Semi-Technical – Commentary”.
- For additional assistance for citations, visit:

Creative Activities*

*Limited activities applicable for School of Medicine

Possible Contributions Include:

- A) Musical Performances by Candidate
- B) Art - Solo Exhibitions
- C) Multi-Discipline Activities:
 - Blog
 - Podcast
 - Broadcast Interviews (with Candidate as Interviewee)

A) Musical Performances by Candidate:

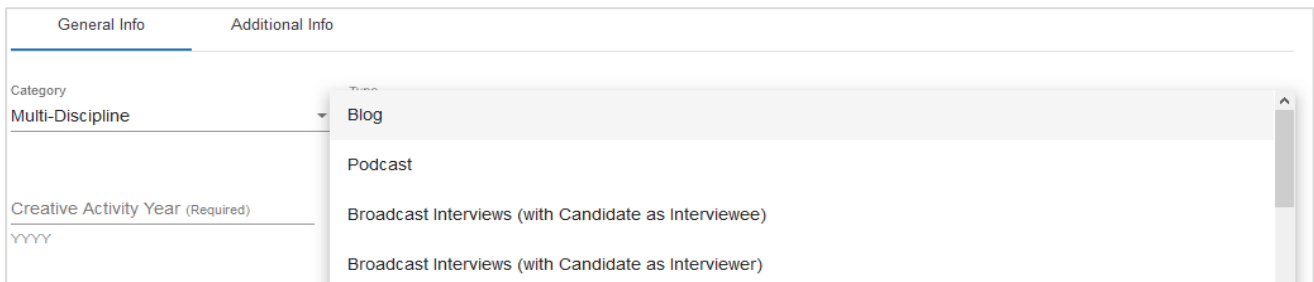

- Citation should reflect faculty name, year of performance, and performance information

B) Art – Solo Exhibitions:

- Citation should include faculty name, exhibit year, title, location, and website of reference (if applicable)

C) Multi-Discipline Activities:

- **Blog** = online posts, which derive from personal experience to relate to readers
- **Podcast** = audio episodes, all focused on a particular topic or theme
- **Broadcast Interviews (with Candidate as Interviewee)** = live or recorded interviews for distribution

Footnote:

- Ensure all citations include, faculty name, date/year of activity, and title of activity, and website of reference (if applicable).

Patents

- A)** There are **three primary stages** in the pursuit of a patent: **(a)** UC Disclosure of Invention; **(b)** Patent Application Filing with US Patent and Trademark Office; and **(c)** Issuance of a US Patent by US Patent and Trademark Office.
- B)** Under University policy, all potentially patentable inventions must be disclosed to the University. This is accomplished by submitting a Record of Invention Form. Upon receipt, the record of invention is assigned a UC Case Number. Technically, this constitutes a filing within the UC system, but is often referred to as "Patent Disclosure". This should be listed on the bibliography.
- C)** Patent Application Filing with US Patent & Trademark Office: If it is decided to proceed with filing a patent application, the completed patent application is submitted in the inventor's name to the United States Patent and Trademark Office. The official status at this stage is "Patent Pending".
- D)** Issuance of Patent by US Patent and Trademark Office: Once a patent is issued, it is given a public patent number.
- E)** Required Fields in Patent Details in eFilePlus: Title, Patent Status, UCR Status (*Check Active or Inactive no matter whether filed through UCR or another institution*), UC Case Number (*Provide Case Number from UCR or Other Institution*), Date Disclosed. Most helpful if all areas applicable are filled in with detail.

There are a variety of Professional Services/Scholarly Activities that can be added to your eFilePlus file:

1. Add as much information for each activity (if applicable)
2. Add the effective date/end date if applicable (or mark present)
3. Add Location if applicable (City, State or City, Country)
4. Provide detailed comments where possible to help reviewers understand the time commitment and depth work you perform

- A) **Clinical Trials:** This activity is used to identify any previous or on-going medical trials you are involved in. *If on-going, add notes to comments.*
- B) **Conference Organizing:** This activity is used when scholar has organized or participated in the organization of a national/international conference for professionals.
- Indicate if the conference is **National** or **International** (*an international conference is identified when its location is international or if much of the audience is worldwide*)
- C) **Consulting:** This activity is used when the scholar is providing a service of their expertise.
- Examples: *Consultant, Expert Writer, Expert Witness, Technical Advisor, Advisor, or Other*
- D) **Editorial Boards:** This review activity is used when the scholar serves on an editorial board of a professional journal/publication.
- E) **Education Materials/Outreach:** This activity is used when the scholar has created or participated in the creation of education material/outreach serving other professionals and/or the public.
- Note: *Upload pdf of pamphlets/solicitation to "Other Information" section of eFilePlus*
- F) **Meetings Attended:** This activity is used when the scholar has attended a professional meeting which has contributed to their scholarly work or specialty. If you have already listed a presentation you completed at this meeting in your file, do not add this as a duplicate in this section.

- G) Presentations:** This activity is used when the scholar has made a presentation to professional audience/students at professional meetings/conferences. This section should identify presentations made with students at professional meetings/conferences.
- *Identify your **role:***
 - Evidence of *Plenary, Keynote or Distinguished* roles can be provided and uploaded into the “Other Information” section of the eFilePlus or a web-link identifying your role in the comments section.
 - Co-Author – this role is used to identify your mentor work with a student that has presented a poster/presentation at a conference/meeting. *The students name should be identified in the comment section of the entry.*
- H) Professional Boards/Societies:** This activity is used when the scholar serves on a professional board/society.
- *Note: If this is a paid membership it should be added to the “Membership” section of eFilePlus*
 - Examples: *President, Vice President, Board Member, Member, Chair, Co-Chair, or Other)*
- I) Professional Committee Service:** This activity is used when the scholar serves on a professional committee and/or societal.
- *Note: If this is a service for a UCR department/College/Campus/ or UC System, this activity should be added to the “University Service” section of eFilePlus*
- J) Reviewer Activities:** This activity is used when the scholar serves as a reviewer of professional work completed by others in the field/specialty.
- Letter of Recommendation - Due to confidentiality, do not disclose the name of the individual for which you wrote the letter of recommendation.
- K) Webpage Development:** This activity is used when the scholar has developed and/or maintains a webpage for use by other professionals or the public.
- L) Workshops:** This activity is used when the scholar has organized or participated in a workshop for professional development. Note: Stanford Series participation should be added in this section.
- M) Other:** This activity is used when the scholar has participated in a professional service/scholarly activity but the system does not have a category to identify the activity.
- Note: IRB’s - If scholar is the lead for a study not yet resulting in publication, then it should be added to “Professional Activities” > “Other” section of eFilePlus
 - Examples of “Other” activities:
 - Administrative activities
 - Interviews (such as: magazines, newspapers)
 - Research activity that does not include funding
 - Quality improvement projects

Policy development and implementation of best practices on improving diversity and campus climate, increase accountability and seek agreement on measures of success.

A) When adding a University service activity, use the pull down menu to **select the type of service:**

- Department, College, Campus, Senate, or Systemwide:
 - Department service is a committee your Chair has requested you serve on
 - College Service is a committee the Dean or senior leadership in SOM have asked you to serve on
 - Campus service is service perhaps the Chancellor or delegate have requested you serve on
 - Senate service is Academic Senate service (*rare for HS faculty*)

B) Systemwide service is at the request of UC President or delegate for project for all campuses.

C) Use pull down to select your role. Best to provide as much information as possible, including name of Committee, Service dates, Description of Service and any helpful comments which will assist the reviewer in understanding the work and the time commitment you put in. Be sure to put an end date for service that has ended. Please make a comment in comment section if service is ongoing.

A Self Statement is a statement **covering your accomplishments during the review period**. While it is optional, a candidate is strongly encouraged to submit a brief statement describing and evaluating, in language understandable to a general audience, their achievements and recognition within the review period. Accuracy of the self-statement is the responsibility of the candidate. The self-statement may not contain comments on procedures/processes used to assemble the file and this is not the place for personal information.

- **If there are discrepancies between facts stated on the self-statement and the review file (or eFilePlus snapshot), the reviewing bodies will defer to the snapshot as the true/accurate record.**

A) Page limitations:

- Merit and Quinquineals files:
 - **Two-page maximum**
- Advancements to Professor VI, Professor Above-Scale, within Professor Above Scale, Promotions, Career Reviews, Reappointments, and Appraisals
 - Not limited in length but candidates are **encouraged not to exceed five-pages in length** when submitting self-statements for on campus review process.

B) Applicable Date: **Always 9/30/xx** – cut off year for current review

C) Action Type: Choose from Pull Down Menu (Merit, Promotion, Quinquineal, etc.)

D) Provide your self-statement by:

- Input by Text directly into eFilePlus
- Uploaded by PDF attachment – ***preferred method***

Teaching

Candidate should discuss their involvement in teaching medical students, residents, or other teaching such as serving on Master's or PhD committees or mentoring undergraduate students during review period. Contributions to course or curricular development during the review period can be discussed here. Any major block of time spent during review period where you have mentored or directed students should be detailed. Reference a commitment to excellence in teaching through your evaluations and student/clinical trainee feedback, as well as innovative methods used. Teaching recognition or awards during review period should be tied in here.

Professional Competence and Activity

Clinical trials, workshops organized, presentations given, professional committees served on, etc. during the review period should be discussed here. Particular emphasis on the most important items, such as a Keynote speaker role, chair or co-chair of a major committee, an international presentation, a groundbreaking clinical trial, etc. during the review period.

Scholarly and/or Research

In this section, published works, blogs, published clinical trials, development or contributions to a curriculum, contributions or development of clinical programs, development of outreach materials or informational programs, etc. during review period should be highlighted. A description of the most significant activities in more detail than is enumerated in eFilePlus is needed; help your reviewers understand why these works are important, what their impact is, how they led to perhaps a grant, other recognition, or additional studies.

University and Public Service

Let your reviewers understand the important department, School, University, or public service activities you have contributed to during the review period. If you were a chair, co-chair, organizer, then describe your leadership role. Time spent on certain activities is important to note as some committees might meet three times a month, while others only meet twice a year.

Contribution to Diversity in Review Period

Provide a statement addressing contributions to diversity through teaching, research, professional activity and/or service during the review period.

REMEMBER — ITEMS MENTIONED HERE SHOULD BE ADDED TO YOUR EFILEPLUS RECORD. IN ADDITION, MERIT SELF-STATEMENTS CAN BE UP TO 2 PAGES, PROMOTIONS TO NEXT RANK CAN BE UP TO 5 PAGES.
